# The Hawthorne Patio Door with Blinds between the Glass

- Adjustable mini blinds are sealed between the two panes of tempered glass. No dusting or cleaning.
- Fingertip controls allow the blinds to easily tilt to an open or closed position. The blinds can be raised or lowered to allow for more light or privacy.
- Blinds are available in white only, and rough opening sizes of 72" x 80" (XO and OX configuration) and 105-7/8" x 80" (OXO configuration).
- Multi Point locking hardware is standard.
- Our size options along with the addition of a side lite and/or a transom builds in flexibility to configure the patio door the way you want it.
